KICK-STARTING MY CAREER IN BIOINDUSTRY

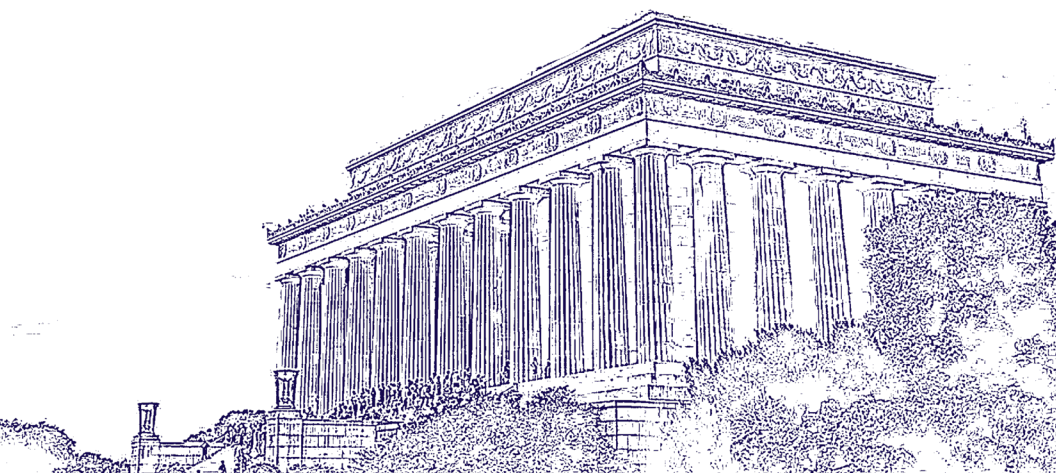

SUNDAY, MAY 15, 2022

All times listed below ET

Planned by the BioIndustry Committee

Description

The BioIndustry holds many opportunities for personal and professional growth, but how is it that I get STARTED in the industry and just as importantly how can I have my CAREER THRIVE once IN the Industry. These are important considerations. STARTING THRIVING in BioIndustry takes planning, circumspection, and active work!! The workshop is comprised of the pros those who have recently success made the transition to BioIndustry. If you want to Get STARTED on the right foot or CONTINUE RUNNING on the path of career development, this workshop is for you!
